

**BOARD OF TRUSTEES
CARSON CITY SCHOOL DISTRICT**

**POLICY No. 424
CLASSIFIED STAFF**

INSURANCE

The Board of Trustees may provide health and accident insurance for eligible classified employees under a group policy. In the event that such insurance is provided, the premium payment for each such employee shall be made from School District funds; however, no School District funds may be expended or used toward the payment of premiums for an employee's dependents.

Classified employees must be regularly employed for a minimum of 20 hours per week to qualify for participation in the health and accident insurance program.

The Board will not contribute the single employee premium for an otherwise qualified classified employee who works fewer than a majority of the working days in any one month. Any such employee must pay their own insurance premium for the period during which the Board does not make a contribution.

Adopted: August 29, 1979
