DID YOU KNOW?

Studies have shown that eating breakfast can lead to improved memory, concentration, and test scores in math, reading, and science.

Meet your local Nutrition Teams:

The Carson City School District is partnered with Chartwells to bring a quality food service program to the students of Carson City. The local nutrition teams are fully dedicated to making sure that the nutrition needs of the students are met everyday.

This month's featured team is from EW Fritsch Elementary. Shiree and her team have one of the happiest cafes in the district and it is always a pleasure to spend time there during the day. The food is always delicious and served up with a smile. They truly are serving up happy and healthy to the students of Carson City.

Pizza Fridays are always a hit at Fritsch Elementary!
